High School Graduates:		District Owned Operation	
High School Diplomas-Regular	51	* Certificates of Completion issued at a district level	
Other Completions*	0	** Limited English Speaking (LEP)	

Superintendent's Highlights

The major highlight for the 1997-98 school year has been the occupancy and dedication of the new Kamiah Middle School for grades 5-8. The community of Kamiah can be very proud of the new Middle School and the way that the school board has spent the dollars that were allocated with a 72% YES vote for the construction of the facility.

The District has continued to work towards networking all classrooms and buildings on the campus with final completion ready for the 1998-99 school year. All classrooms will have telephone, E-mail, and direct access to the internet.

Academics continue to be the essential focus for the School District. The Board has made a strong commitment to have quality education for all students. The main strength for the Kamiah School District continues to be a very skilled, dedicated and committed staff.

Progress Towards Meeting District Goals

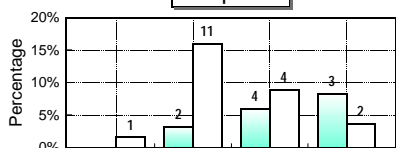

1997-98 Goals	Progress
Revise a District Wide Discipline Plan, utilizing staff, parents, students, and community members.	Revisions were adopted at the May, 1998, Board meeting and will be implemented next year. This plan has been extremely well received by most constituents.
Improve the working relations with the Indian Education Parents' Committee and improve education for our Indian students.	Great strides have been made toward this goal.
Hire Native Americans as employees of the Kamiah Joint School District #304.	Very successful in this goal. We have had only one employee that is a Native American. During this school year, we were able to hire three additional Native Americans. All positions are classified.
Attempt to develop a class schedule that separates the Middle School and High School Staffs (12 shared staff members).	A new schedule has been developed for the 1998-99 school year with only three shared staff members.
Automate our three libraries.	The District was successful in obtaining a ValNet grant and all three libraries will be automated during the 1998-99 school year.
Implement the Technology Plan.	Significant progress was made on this plan.
